

COLOSSAL CAREER

DC-306-01

Corn Caps Plaster Making Machine

- Tension of material controlled automatically by LOADCELL.
- A number of servo motors on the machine are precisely synchronized for revolving.
- HMI (Human-Machine Interface) and touch panel adopted on this machine make positioning of product much easier.
- Perforating, plaster filling, shaping, cutting & sealing, etc. are done by cutting roller. Makes products shaped perfectly.
- Waste after shaping are smoothly collected and sucked into the drum by pump to achieve better production process.
- Machine designed in upright position to facilitate the operating for production. And it is easy to change for making different specification of products and also very easy to do regular maintenance.
- Medication is convenient for filling, making process & positioning feeding all proved to be precise.
- Machine will automatically stop as soon as running out of material is detected by auto sensor.

Model No.	DC-306-01		
Product Size	20 x 70 mm One product size only for one machine, extra size optional.		
Max. Speed	160 pcs/min According to the material used.		
Motor	2hp x 1	1hp x 5	1/2hp x 3
Heater	2.4 kw		
Human-Machine Interface	8.4"		
Dimensions	L3000 x W1100 x H2400 mm		
N.W.	1600 kgs		

Made in Taiwan
